

# Cord Hanger for McDonald's UHC-HD Kit No. 826-2717

The cord hanger is attached to the cabinet with double-stick tape opposite the rear-mounted strain relief.

Follow these instructions to install the cord hanger on the McDonald's UHC-HD. This hanger prevents a rear-mounted power cord from blocking access to the UHC-HD's rear rows.

IN THIS KIT		
Quantity	Description	Part No.
1	Cord hanger	230-7360
1	Zip tie	814-0015
1	Instructions	819-6565

- Remove power from unit.
- The hanger is attached to the rear of the UHC-HD opposite the strain relief. Remove the backing of the double-stick tape and press the bracket to the cabinet.
- Rest the cord in the hanger and secure with supplied zip tie.
- Return power to unit and reposition.
