

# Service Bulletin

**Subject: Popeye's FilterQuick Fryer Release**

**Models: FQG120-T Touch Fryers**

**07/14/2021**

Frymaster is rolling out the new FQG120T gas fryer with a the easyTouch™ Touch Screen for Popeye's.

The FQG120T, has an easy-to-use touch screen with automatic filtration.

A successful introduction of this fryer to the Popeye's network, will hinge on the training the restaurant staff receives from our service network. It is important to Popeye's, that the installer should take the time, to ensure the staff is adequately trained on **ALL** points outlined on the **NEW** commission and demonstration form. We will pay one (1) hour plus travel to commission one (1) system.

Training videos, which covers operation and features of the fryer, are posted on our web site at: <https://info.frymaster.com/popeyesfq120>.

It's imperative that our FAS network order parts to support the new fryer in the field. The list is provided below.

PART #	DESCRIPTION	QTY
8263684	POWER SUPPLY, 24VDC 130W ATO	1
