

Service Bulletin

**Subject: Honeywell to Robertshaw CE Gas Valves
and Conversion Kits**

Models: H50/52/55 and MJ Series Fryers

2/14/2023

The 24v and Millivolt Honeywell CE gas valves used on H50/52/55 and MJ Series fryers are obsolete no longer available. They have been replaced with Robertshaw 24V gas valves 8076591/8076592, or Robertshaw Millivolt gas valves 130192699/130192700 for current production. The conversion kits below contain the necessary fittings and instructions to convert from Honeywell to Robertshaw.

Ordering only the valve **DOES NOT** contain the necessary fittings to convert from Honeywell to Robertshaw.

The following service replacement conversion kits are available to convert from Honeywell to Robertshaw:

8263756 (24VAC NAT) (8076591)

8263757 (24VAC LP) (8076592)

8263758 (Millivolt NAT) (130192699)

8263759 (Millivolt LP) (130192700)

Obsolete Honeywell Gas Valve
